The merger of Clarke College as a division of Mississippi College provides a unique opportunity for students who want to pursue a college degree on a student-oriented campus committed to academic excellence, personal development and Christian values.

Students often remark that the campus of a Baptist college, like Clarke, is very special. Classes are small; faculty and staff are attentive and caring; the classroom experience is challenging, yet satisfying; academic programs are professionally sound; and opportunities abound for personal, professional and spiritual growth.

Clarke College is a place to be somebody special! Plan to visit soon!

Lewis Nobles, President

CLARKE COLLEGE IS "A GREAT PLACE TO BE SOMEBODY"

Clarke is small, personal and attentive to student needs. Clarke is UNIQUE!

- It is a division of Mississippi College, the oldest & largest of the 3 Baptist colleges in Mississippi.
- Clarke emphasizes a 2-year liberal arts program; most graduates continue study at a 4-year college and earn a bachelor's degree.
- A low student/faculty ratio (11 to 1) provides for the individual attention that fosters new heights of achievement for the strong student while providing the support some students may need initially to succeed in college.
- Clarke is distinctive (among junior colleges) in the number of faculty who hold the earned doctorate.
- Clarke's size and distinctively Christian environment contribute to a family-like atmosphere.

SMALL COLLEGES CAN HELP YOU MAKE IT BIG! Clarke may be just the college for you! The best way to determine that is to ask for more information and plan for a campus visit! Please come to see us soon!

CLARKE COLLEGE

Located in Newton, Mississippi, about 30 miles west of Meridian on I-20, Clarke College is a coeducational, liberal arts junior college.

In 1981 the Mississippi Baptist Convention voted that the Baptist junior college should operate as a division of Mississippi College, the largest of three Baptist senior colleges in Mississippi and the oldest institution of higher learning in the state. Already united by a common purpose in providing quality Christian higher education, the two campuses retain separate identities but operate under a common chief executive officer and a 15-member Board of Trustees elected by the Convention.

As a Division of Mississippi College, Clarke students may earn—on the Clarke campus—the associate of arts degree (from Clarke College) in 20 different areas and a baccalaureate degree (from Mississippi College) in religion and elementary education.
